Sporting and Fashion Heritage:
Managing your Labelling Requirements & Safeguarding Against the Regulatory Avalanche

Dane Verrecchia – d.verrecchia@complianceandrisks.com

Jon Green – j.green@complianceandrisks.com

**Meg O'Keeffe – m.okeeffe@complianceandrisks.com**

Presentation Agenda

- Welcome & introduction
- Compliance & Risks overview
- C2P Compliance Knowledge Management Platform
- The Regulatory Compliance Landscape
- WFSGI Compliant Labelling Requirements (CLR) Database
- Online Demo
- Q&A

compliance & risks

Compliance & Risks Overview

- We help our clients monitor and manage **regulations**, **standards** and **requirements** globally, to better mitigate against compliance risk

- Database of 42,000+ "proposed", "in-force" and "approved" regulations

- Monitor 200+ countries by team of legal SME's

- Help ensure your products are compliant across international markets

- Maintain corporate memory in central database with alerts to changes

- Help manage the regulatory avalanche

Keeping European Consumers Safe

Rapid Alert System for dangerous, non-food products

The Rapid Alert System enables national authorities to quickly exchange information about dangerous products, thus allowing other member countries to screen their market and take appropriate action should the same product be found.

WFSGI Compliant Labelling Requirements (CLR) Database
Identify and resolve country specific labelling issues

Understand country specific labelling requirements in **3 clicks**

Currently used by many of the leading global sports and fashion companies

Developed by Compliance & Risks and WFSGI
Feedback & guidance from founding 10 members

compliance & risks

WFSGI Compliant Labelling Requirements (CLR) Database

Benefits

- Simple search engine, requiring only product and country to zero-in on product requirements
- Link product regulations to geographical requirements
- Compare country level requirements
- Receive alerts when a requirement changes, keeping you ahead of the curve
- Create up to date labelling requirements at your fingertips
- Design your own master requirements
- Collaborate internally, generate reports & set tasks to inform the business
- Link the database directly to your own product range
- Free access to subject matter experts, lawyers and regulation experts (AoE service)

Apparel & Textiles

Footwear

Consumer Electronics (including wearables)

Bikes (including e-bikes)

Sporting Equipment

Personal Protective Equipment
